Journey through a spectacular performance of **old and new world music** influenced by Arabic, Latin, Greek and Armenian cultures. Complimented by the visual artistry of Belly Dancers and Flamenco Dancers, you will enjoy the familiar music of the past, presented in an entirely new and modern way.

Virtuoso Violinist Fred Elias and Spanish Guitar Master Daniel Almeria will lead the journey as the distinct sounds of the Oud, Bouzouki and Durbuka provide the dramatic cultural backdrop for the show. **Musaic** is a live interactive musical event that will appeal to all of your senses. The evening offers Music and Dance performances while enjoying traditional food and cocktails. Belly Dancers and Flamenco dancers will no doubt lead the way as all are invited to join in the familiar Dubki and more traditional dancing. Sit back and enjoy or step up and take part in the fun. Hear why Arabic~ Latin "fusion" has become so popular. The night promises much fun and excitement!
